BULKELEY GETS ONLY ONE HIT

Pitcher Pember Does Star Work for Westerly High-Connecticut League Opened Friday-Norwich Team Has 20 Players Coming—City Leaguers File Names.

(Special to The Bulletin.)
Friday afternoon's chilly wind was not conductive to star baseball playing and caused a diminution of the customary large crowd that assembles at a game of baseball in Westerly, when Westerly high school team meets the Bulkeleys of New London, on the diamond. The boys from Whale Town came to Westerly, proceeded to the Vose grounds, met the enemy and went with them. There was no opposition to the home team, although the visitors did the best they could; it was simply a case of being outclassed.

It is half bats to mitts that the Bulkeleys will not be classed among the finals when the real contest is on to decide the team that is to oppose the leader of the western division for the interscholastic league championship. Westerly books good for a winner and if they keep up the pace, the 1910 championship pennant will be placed in the trophy room of the Westerly high school with the pennant of 1909. The story of the game is best told by the score:

CALL LOAN RATE RUNS OFF Lowest of Week-Stock Market Benefits by Corrective Measures,

New York, April 29.—The stock narket today felt the benefit of the market today felt the benefit of the corrective measures which have been applied to the weak points in the situation. The effect of those measures was especially notable in the money market, where the call loan rate ran off to the lowest of the week, contrasted with the seven per cent. rate of yesterday, the highest since the first of the year. As today's loans on the stock exchange carry over until Monday, this rate represents the end of the month condition, the conflict with the May settlements not being sufficient to keep the rate up. An important factor in this was the cotton market settlement, the heavy notices on May contracts being taken care of by the bull leaders in that market. The amounts recalled from the stock market for this purpose are believed to have been very large and to account for much of the flurry yesterday. The settlement demonstrated the strength of the bull position in cofton and emphasized the precarlous position of the shorts in May cotton; a position that does not leave the stock market free from some apprehension of a reflected disturbance.

Estimates of the week's currency movement showed a substantial inflow of cash from other points and a corresponding relief from the drains of the week's gold exports and subtreasury operations. The sum total of these withdrawals reached the imposing figure of \$11.258,000, but this figure promises to be reduced to the neighborhood of \$10.000,000 by the week's inflow from other points. The publication of these estimates had its part in the easier tone which developed in the money market. There was a material decline also in foreign exchange rates. Confidence is growing that, with the actual adoption of the Brittish budget which was accomplished today, the London money market will find itself amply prepared to meet the special requirements involved. The thorough recuperation of railroad party in France and party in Germany.

A strong influence was felt from the report that the western systems, including the Union Pacific, published today, show so

WILLIMANTIC SIGNS A CATCHER Ackerman to Do Backstop Work-Sea-son Tickets for the Fans. Jimmy Clabby, the Milwaukes welterweight, is expected here for over Sunday, visiting his grandmother, Mrs. John Clabby of Thames street, and other relatives. He then went on to Philadelphia to see the Langford-Ketchel fight, and is to make a short visit to Norwich, his native city, before returning to the west. Being a West Sider, Jimmy will probably be found among the loyal rooters for the West Ends when they meet the Falls team in the opening game of the City league on the Falls diamond.

Eddie Collins is due for a phenomenal season. Not only is he hitting and running the bases with as much daring and noodle as the great Ty Cobb, but his work around second has ded him to be compared with Lajole when Larry was in his prime. Baker also doing remarkable work at third, while McInnis has filled in for Jack Barry since the regular shortstop became ill in a way that leads one to wonder how long that wonderful kid will be kept sitting on the bench.—Philadelphia Press.

"I have been using a New Perfection Oil Cook-Stove all winter in my apartment. I want one now for my summer home. I think these oil stoves are wonderful, comfort they are, they would all have one. I spoke about my stove to a lot of my friends, and they were astonished. They thought that there was smell and smoke from an oil stove, and that it heated a room just like any other stove. I told them of my experience, and one after another they got one, and now, not one of them would give hers up for five times its cost."

The lady who said this had thought an oil stove was all right for quickly heating milk for a baby, or boiling a kettle of water, or to make coffee quickly in the morning, but she never dreamed of using it for difficult or heavy cooking. Now—she knows.
